

Practice Areas

PERSONAL INJURY

Mr. Addleman pursues justice for victims of personal injury. Personal injury is a broad area of the law that includes car accidents, wrongful death, premises liability, assault, slip and fall and many other areas of the law. The common thread in personal injury cases is that each claim involves a victim being injured through the carelessness, negligence, or irresponsible behavior of another individual or organization. The Addleman Law Firm represents injured parties against insurance companies, law firms, or individuals in order to protect the victims of these intentional wrong doings. Our firm is dedicated to the relentless pursuit of justice for the victims we represent.

CRIMINAL LAW

Criminal convictions can greatly affect your life and ability to secure gainful employment. Criminal charges can stay on your record for years with penalties ranging from high fines to extended jail time. If you are facing this situation you need an attorney to look out for your best interests and fight for your rights. We travel to courts throughout both Missouri and Kansas. From local city courts to state courts we defend our clients in a professional and ethical manner. We strive to serve each client in an individualized and efficient way. Case by case, Court by Court. Our firm is dedicated to investigating any charges against our clients in order to effectively represent the client and serve their best interests. Years of practice experience in this area allows us to give our clients strong representation while looking out for the clients best interests.

TRAFFIC

What might seem like just another speeding ticket or traffic violation can actually result in loss of your license and rapidly increasing insurance rates. Mr. Addleman is experienced in defending many classes of traffic violations and will gladly inform you of the consequences of a violation while protecting your drivers license and insurance rates. Driving while suspended, careless and imprudent driving, speeding, no insurance and small accidents can have devastating affects on your driving record and ability to secure auto insurance. Please contact us for an evaluation of your violation. It might be possible for Mr. Addleman to handle your case without your presence required; eliminating the need to take off time from work or time with family and the subsequent wasted hours in traffic court.

AUTO ACCIDENTS

Have you been injured in an auto accident? Chances are you or someone you know has been involved in an accident. Dealing with the negligent driver, insurance company and persistent injuries can often overwhelm an individual. The firm truly enjoys this area of the law and has experienced numerous successes for our clients in the past. We take an organized yet aggressive approach to help our clients through these tough times. The firm offers free consultations and can help walk our clients through the accident investigation, hospital bills, medicare and numerous questions that always arise after being injured in an accident. Feel free to call us for a free consultation.

DUI/DWI

Driving while intoxicated is a serious charge that requires a serious defense. A conviction for Driving Under the Influence can have damaging affects on your employment, driving record and insurance. Special considerations must be given to those individuals with Commercial Drivers Licenses or young drivers under 21 years of age. Mr. Addleman is experienced in DUI defense and understands the complications and concerns of a DUI charge. Contact him for a consultation regarding how to preserve your license and proceed with defending against this charge. Blood alcohol content, field sobriety tests, diagnostic testing of breathalyzer machines and personal medical history are all important considerations in DUI cases. Please contact Mr. Addleman for a consultation as soon as possible as your driving privilege in both Missouri and Kansas have specific deadlines in which to file actions to preserve your rights.
